1. Introduction

1.1 About SHRF

Saskatchewan Health Research Foundation (SHRF) funds, supports and promotes the impact of health research that matters to Saskatchewan.

Established by an act of legislature in 2002, our mandate provided by the Government of Saskatchewan is to:

- Seek funding from government and non-governmental sources to advance health research
- Encourage and facilitate research into health-related fields
- Fund research according to provincial strategic goals
- Disseminate information about funded research to members of health-related professions and to the public

SHRF's investments in research contribute to the improved health of Saskatchewan citizens through a high-performing health ecosystem with a robust culture of health research and innovation. We adhere to our organization's core values and promote inclusiveness, equity, creativity, and breadth in health research.

1.2 About this Funding Opportunity

The purpose of the **SHRF Mobilize Grant** is to fund knowledge mobilization activities in relevant and practical settings and mediums, with the aim of improving the applicability and impact of health research in Saskatchewan.

Terminology

Knowledge Mobilization

SHRF uses the term knowledge mobilization to refer to all activities used to bring awareness to research activities and findings in a way that can be used in practice. This includes but is not limited to knowledge synthesis (ie. compiling and interpreting information from multiple sources), dissemination (ie. distributing information to others), transfer (ie. sharing skills experience and ideas), exchange (ie. consulting and collaborating learning environments), and co-creation (ie. collaborating with other stakeholders to guide the design process). Knowledge mobilization should encourage exchanges between researchers and knowledge-users.

Knowledge-user

SHRF defines knowledge-users as any individual who could receive and use new knowledge to implement improvements in health – their own health, the health of others or the health system. These individuals may represent organizations that are interested in the practical application of knowledge. A knowledge-user may be a practitioner, health system manager, policymaker, educator, decision-maker, health care administrator, community leader or an individual from a health institution, patient group, government organization, etc.

1.3 About this Application Package

This package includes important information on grant guidelines and application instructions. It will support you through SHRF's application process in **SHRF's Research Management System (RMS)**, shrf.smartsimple.ca, and if successful, in managing your grant.

2.7 Team Requirements

Project Roles Overview

Individuals and organizations that are part of the project team, (i.e., participating in the proposed project or supporting it in some way), fall into three categories: **Applicants (also called Investigators)**, **Personnel** and **Supporters**. An individual can only fulfill one of the following roles on a given application:

- **Applicants/Investigators** are individuals who contribute to the intellectual or scientific direction of the proposed work, or who bring perspectives of lived experience or practical applications to the proposed work. These contributions can include research expertise, Traditional knowledge, practical experience or lived experience. These individuals share responsibility for the direction of the proposed activities. Their designated Project Role is either Principal Applicant, Co-Principal Applicant, or Co-Applicant based on their level of leadership responsibilities and involvement. Furthermore, individuals in these Project Roles are designated as researchers, knowledge users, or people with lived experience based on their contributions to the proposed work.
- **Personnel** (Trainees and Research Staff) are individuals tasked to carry out aspects of the research project and who will be compensated from the grant funds. Personnel, while important contributors, are not considered towards fulfilling team eligibility requirements. An individual cannot be both compensated from grant funds as personnel and also acknowledged as a co-applicant.
- **Supporters** are individuals or organizations who provide a specific service in a limited and defined role in the proposed activities or have an interest in the research outcomes. Individuals invited to this Project Role are not considered towards fulfilling team eligibility requirements.

NOTE: See more information on each role in the current **SHRF Funding Guide**.

Project Role Requirements

There are no minimum requirements for applicants listed on the application to SHRF. One person must meet the eligibility requirements for Principal Applicant and the project team must reflect the scope of the proposed activities.

The Roles and Responsibilities field of the Application provides space to address the role and contributions of all team members and supporters of the proposed activity that will contribute to its success.

Each team member must be invited to the Application via email and accept the email invitation indicating they consent to their participation in the project.

NOTE: re: Internet access: SHRF acknowledges that there are circumstances where an individual may have limited to no internet access or not have an email account and therefore cannot access the emailed invitation to join the application or complete the contribution form online. Please refer to the **SHRF Funding Guide** or contact helpdesk@shrf.ca to discuss options.

Team Member Support

Information about the Project Roles and Responsibilities for team members on SHRF Grant can be found at shrf.ca/your-research-team to share with team members and assist in completing required steps.

There are no Contribution Forms, CVs or additional documents that are required from anyone invited to the application. Letters of support are still strongly encouraged and can be uploaded to the Application by the Principal Application under [Letters of Support](#).

2.8 Allowable Expenses

All expenses must be clearly justified in relation to the proposed project activities and cover only the direct costs. It is highly encouraged for applicants to look for cost-efficient options. SHRF is publicly funded and fiscal responsibility and accountability are required.

Equipment is not normally an eligible expense for this grant.

Refer to the **SHRF Funding Guide** for important policies which apply to all SHRF programs.

3.2 Funding Recommendations

Funding recommendations will be given to the SHRF CEO, who will confirm that the review process was followed, funding recommendations are within the limit of the available funding, and then approves the funding for successful applications.

Should the amount of eligible funding requested exceed available funds for the program, the CEO may recommend cuts to individual grants and/or prioritize grants based on the committee ratings and alignment with SHRF strategic goals.

Applicants will be notified by email of the funding outcome within the identified timeline. Applicants will be informed if results are delayed.

4. Reporting Requirements

SHRF requires that Mobilize Grants follow SHRF's compliance policies listed in the **SHRF Funding Guide**, including completion of requested progress and impact reporting, change requests, and financial statements of account.

SHRF has resources to assist in management of grants found at shrf.ca/resources.

The **SHRF Funding Budget Terms** documents provides suggested budget lines for grant budgets and statements of account.

The **Change Request Instructions** document provides information on how and when to submit changes to SHRF for approval regarding timeline, budget or other significant changes to the grant.

SHRF's Logo Download is available for download to use on project materials and acknowledgement of SHRF for providing funding.

5. Application Instructions

The following section walks through the Mobilize application available on **SHRF's online Research Management System (SHRF RMS)** shrf.smartsimple.ca, step-by-step.

All applications must be submitted electronically through the SHRF RMS with all required fields completed.

Formatting for Attachments

All application attachments must adhere to the following formatting rules per the **SHRF Funding Guide**:

Margins: minimum one inch (1") all around

Page size: 8.5 x 11

Font: Calibri, Ariel or Times New Roman ONLY, black type, 11 point minimum

Line Spacing: 1.0 single-spaced minimum

5.1 New User – Registering a Profile

When on the SHRF login page, you will click the “Register” button found under the “New to the System”.

This will take you to the “Registration Organization Options” page where you will choose which organization type is your primary organization.

NOTE: If you register as an “Other Organization”, you may not see the Application after completing the step. **You may still be eligible to apply.** Please [contact the Program Manager to confirm eligibility](#) and gain access to the application.

Completing Your Personal Profile

Going forward, the Personal Profile in the SHRF RMS must be completed by the Principal Applicant prior to submitting the full application. It is strongly encouraged that all project role individuals, especially co-principal and co-applicants, complete their SHRF RMS profiles, but it is not a requirement at this time. The information collected in the Personal Profile will better help SHRF understand the demographics of our applicants and guide us in ensuring that we are upholding our values and strategic direction.

To access your Personal Profile, you will need to be on the home page, where you will then see a person icon titled “Personal Profile”. Click on that icon and complete all required fields, then click “Save Draft” and “Save” to confirm the Personal Profile is complete. You can change your information at any time, just make sure that after changes are made to follow the saving process.

Choosing the Association/Organization where Funding will be Held

With the updated SHRF RMS, you can have multiple Associations/Organizations tied to one single profile. This function gives the Principal Investigator the chance to choose which Association/Organization funding should be held at, if successful in the competition. The Principal Investigator will need to confirm that the Association/Organization they wish to apply under is eligible to hold SHRF funds.

The Association/Organization must be chosen prior to opening the application. To change from one Association/Organization to another, you will need to be on your home page. In the top right corner of your screen, you will see a building icon. When you click on the icon, a drop down of your Associations/Organizations will appear, where you can then choose the one you would like to be displayed in the application you are applying for. Once you have chosen the correct Association/Organization, the page will reload, and you can click on the Funding Opportunities to then begin the steps to start an application.

5.2 Opening an Application

The **Funding Opportunities** page gives you a list view of current funding opportunities that are open and you may be eligible for. Please remember that what you see for funding opportunities depends on the primary Organization you are affiliated with (i.e. SHRF MOU vs. Canadian Non-Profit).

To see a full list of current funding opportunities, both open and closed, you can visit our Current Opportunities page at shrf.ca/opportunities.

If you do not see the application you require, please contact the [Program Manager](#) to gain access to the online application form.

The following sections reflect the information asked in the SHRF RMS. It identifies each tab, field and how the information will be requested. Fields that are mandatory will be marked with an asterisk (*).
